

**XVI CONGRESSO
NAZIONALE SPR-IAG**

**SOPRAVVIVERE AL TEMPO:
CONFLITTI, TECNOLOGIE E PRATICHE
PSICOTERAPEUTICHE**

PROGRAMMA PROVVISORIO 12-14.11.2026

In un'epoca attraversata da trasformazioni rapide, pressioni sociali e nuove forme di vulnerabilità, il convegno intende aprire uno spazio di confronto su come la psicoterapia nella clinica, nella ricerca e nella formazione possa leggere, attraversare e trasformare i conflitti contemporanei, senza perdere il valore dell'incontro e dell'esperienza soggettiva.

In questo dialogo tra tradizione e innovazione, il programma includerà ospiti di rilievo internazionale, tra cui **J. Christopher Muran** (Gordon F. Derner School of Psychology, Adelphi University, New York, USA) e **Karin Ensink** (École de psychologie, Faculté des Sciences Sociales, Université Laval, Québec City, CA).

L'obiettivo è costruire un confronto vivo tra **ricerca e clinica**, capace di interrogare ciò che "resiste" e ciò che cambia quando il tempo accelera: le domande dei pazienti, le pratiche dei terapeuti, e gli strumenti con cui proviamo a comprenderle.

COMITATO SCIENTIFICO

Il Comitato Scientifico è costituito dal Consiglio Direttivo di SPR-IAG (con il Presidente Antonino Carcione, Annalisa Tanzilli, Ilaria M.A. Benzi, Ivan Gualco, Raffaella Passeggia, Chiara Rossi e il past president Vittorio Lingiardi) e dalle colleghe e i colleghi di SPC (Giovanna Capello, Pietro Caterini, Paolo Follesa, Laura Grignola, Andrea Innocenti, Stefania Magnoni, Manuele Matera, Maria Assunta Mura, Antonina Nobile Fidanza, Angela Quaquero).

COMITATO ORGANIZZATIVO

Matteo Aynaudi, Elisa Doglione, Davide Cavallo, Chiara Del Fante, Chiara Fontana, Giovanni Grassi, Ilaria Nostro, Carmen Trizio, Silvia Vieri, Tania Zonari.

INFORMAZIONI PER I CONGRESSISTI

SEDE

Palazzo Ducale
Piazza Giacomo Matteotti 9
16123 Genova

ECM

Evento con crediti formativi ECM

SIMPOSI E COMUNICAZIONI LIBERE

Gli autori delle relazioni dei Simposi hanno a disposizione circa 12/15 minuti ciascuno.
Gli autori delle relazioni delle Comunicazioni Libere hanno a disposizione circa 10/12 minuti ciascuno.
Si consiglia di caricare le slide nel pc disponibile in aula qualche minuto prima dell'inizio della sessione.

POSTER

Gli autori dei poster, anche nel caso di coloro che non concorrono al Premio Miglior Poster, **non** dovranno procedere con la stampa del loro lavoro ma dovranno presentare il contributo attraverso l'ausilio di 3/4 slide che ne illustrino sinteticamente gli obiettivi, il metodo e i principali risultati della ricerca. Gli autori avranno a disposizione circa 5 minuti e presenteranno il contributo nelle sessioni plenarie predisposte *ad hoc* nella giornata congressuale di Venerdì, 13 novembre e sabato 14 novembre.
I contributi candidati al Premio Miglior Poster saranno valutati da una Commissione composta da **Giovanna Esposito, Guido Giovanardi, Gianluca Lo Coco, Laura Muzi, Laura Parolin**. La premiazione avverrà alla fine del convegno, nella giornata del 14 novembre. Qualora i vincitori non fossero presenti, il premio sarà assegnato ai successivi congressisti in graduatoria.

Giovedì, 12 novembre 2026

12.00-13.30	Registrazione partecipanti	
13.30-14.00	Saluti istituzionali e apertura dei lavori - Sala del Gran Consiglio	
	Intervengono: Maria Antonietta Gulino, presidente CNOP Rappresentante ENPAP Vittorio Lingiardi, past president SPR-IAG Antonino Carcione, presidente SPR-IAG Ivan Gualco, tesoriere SPR-IAG, amministratore delegato SPC Genova	
	Keynote	
14.00-15.00	Sala del Gran Consiglio	
	Karin Ensink , <i>Looking back and looking forwards: mentalizing, object-relations, and psychotherapy in changing times</i>	
15.00-15.30	Q&A con Ilaria M.A.	
15.30-16.45	Sessione Simposi - A	
	Sala A	Sala B
	MOMENTS OF MEETING: CAPTURING INTERPERSONAL SYNCHRONY IN THE CLINICAL DYAD <u>Proponente:</u> Lorenzo Antichi <u>Discussant:</u> Osmano Oasi Capturing synchrony in nonstationary signals: a wavelet transform coherence analysis of the therapist–patient dyad in music therapy Antichi Lorenzo When rhythm precedes synchrony: rhythmic regularity and physiological coupling in a music therapy dyad	INNOVATIVE METHODS FOR PROCESS RESEARCH IN PSYCHOTHERAPY <u>Proponente:</u> Giovanna Esposito <u>Discussant:</u> Emanuele Preti Rebuilding trust: a single-case exploration of mentalization, epistemic trust, and defense mechanisms Locati Francesca, De Monti Sara, Conte Federica, Benzi Ilaria M.A., Barlattani Angelica, Romano Giulia, Valadè Silvia, Brusadelli Emanuela Mentalizing the Psychotherapy Process: The Mentalizing Prototypes Scale and its Use Applied to Psychotherapy Sessions

	Sgobbi Barbara, Ambrosoli Andrea Psychodynamic intervention rating scale and defense mechanism rating scale through the lens of electrodermal signals and physiological synchronization: an exploratory study of 15 eight-session clinical pathways Palmieri Arianna, Capuani Valeria, Cimmino Picone Valentina, Ruffin David, Ferraris Angelica, Kleinbub Johann Roland Following the therapist's lead: quantifying and characterizing patient-therapist physiological synchrony during psychotherapy sessions Zanini Ludovica, Calmi Gioele, Ameli Federica, Tschacher Wolfgang, Tanzilli Annalisa, Spitoni Grazie Fernanda	Gagliardini Giulia, Colli Antonello Monitoring emotion activation in psychotherapy through language analysis: development and initial validation of the Weighted Emotion Schema Activation Dictionaries (WESADs) Negri Attà, Milesi Stefano, Barazzetti Arianna, Redlitz Tyler, March Laura, Harel Galit, Susskind Perry, Bucci Wilma Convergent validity and temporal development of Innovative Moments Coding System for Groups Esposito Giovanna, Passeggia Raffaella, Oliveira Joao Tiago, Cutolo Anna Sara, Di Maro Angela, Gonçalves Miguel, Freda Maria Francesca
16.45-18.00	Sessione Simposi - B
