In un'epoca attraversata da trasformazioni rapide, pressioni sociali e nuove forme di vulnerabilità, il convegno intende aprire uno spazio di confronto su come la psicoterapia nella clinica, nella ricerca e nella formazione possa leggere, attraversare e trasformare i conflitti contemporanei, senza perdere il valore dell'incontro e dell'esperienza soggettiva.

In questo dialogo tra tradizione e innovazione, il programma includerà ospiti di rilievo internazionale, tra cui **J. Christopher Muran** (Gordon F. Derner School of Psychology, Adelphi University, New York, USA) e **Karin Ensink** (École de psychologie, Faculté des Sciences Sociales, Université Laval, Québec City, CA).

L'obiettivo è costruire un confronto vivo tra **ricerca e clinica**, capace di interrogare ciò che "resiste" e ciò che cambia quando il tempo accelera: le domande dei pazienti, le pratiche dei terapeuti, e gli strumenti con cui proviamo a comprenderle.

COMITATO SCIENTIFICO

Il Comitato Scientifico è costituito dal Consiglio Direttivo di SPR-IAG (con il Presidente Antonino Carcione, Annalisa Tanzilli, Ilaria A. Benzi, Ivan Gualco, Raffaella Passeggia, Chiara Rossi e il past president Vittorio Lingiardi) e dalle colleghe e i colleghi di SPC (Giovanna Capello, Pietro Caterini, Paolo Follesa, Laura Grignola, Andrea Innocenti, Stefania Magnoni, Manuele Matera, Maria Assunta Mura, Antonina Nobile Fidanza, Angela Quaquero).
